The course scholarships are made available through the generosity of ACPET’s member colleges and institutions.

The Australian Council for Private Education and Training’s (ACPET) National Disaster Scholarship Scheme provides training assistance to individuals affected by major natural disasters that have occurred in Australia.

The course scholarships are made available through the generosity of ACPET’s member colleges and institutions. These have been made available since 2009 in response to the Victorian Black Saturday bushfires. The scholarships provide tuition support for the completion of Australian based vocational education qualifications at certificate and diploma level. These cover a wide range of study areas and occupations.

The ACPET website provides a current list of ACPET members and the scholarships on offer. There are also details of other forms of support that may assist potential students.
